Institution Slated For Junior Court

Institution of "Junior Court Pride of Redwood City No. 2" of the Foresters of America will be Apr. 15, it was decided Monday night when 25 interested youths met at Foresters' Hall with members of Court Madrone to plan establishment of the second such court in California, the first being "Junior Court Pride of San Francisco No. 1."

Another Citizen Buys 'Valuable' Rug, Gets Stung

John J. Hamilton, 35, super salesman who sold a Redwood City housewife a jute rug worth about $20 for $90, according to police, was free today on $250 surety bond. Hamilton was arrested on petty theft charges in Berkeley growing out of the asserted "rug racket," where he numbered among his victims a university professor. He was released on $500 bail on the Berkeley charge.

According to Police Sergeant S. E. Douglass, Hamilton told his clients, selected with great care, that he had lost his fiance in an automobile wreck and wanted to return to China, where he proposed to invest all his money in missionary work.

The rugs, Douglass said, were ordinary 9x12 jute rugs. Hamilton represented them to be oriental camel hair creations worth between $300 and $400, including an import duty of about $165.

Hamilton gave his home address as Salem, Ore. Douglass said he had been selling rugs for four years.

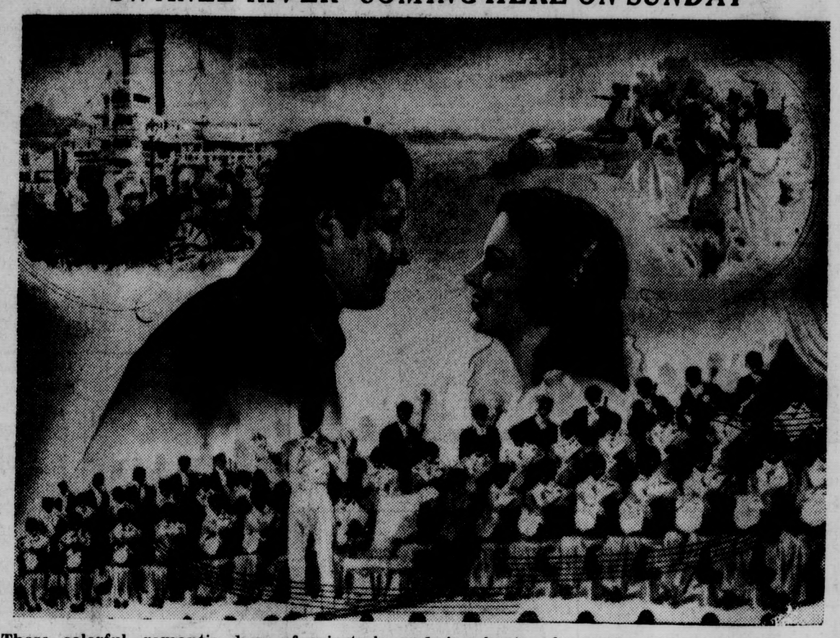
The case will come before Judge E. I. McAuliffe Mar. 28.

Redwood City police on Feb. 13 jailed two Los Angeles itinerant peddlers who sold rugs worth $18 for $35. The pair, Herman Frank, 51, and Frank Katcher, 33, paid $10 each for operating without a city license.

SECOND CHARGE FACED

Harvey Linneman, 18, Menlo Park, one of three youths arrested for trespassing on the Flood Estate, was rebooked at the county jail Saturday on a Palo Alto warrant charging him with driving an automobile without lights. He was released on $10 bail.

'SWANEE RIVER' COMING HERE ON SUNDAY



Those colorful, romantic days of minstrels and river boats, when a stormy love wrote the songs that are America's own, are brought stirringly to the screen in "Swanee River," 20th Century-Fox's story of Stephen C. Foster, the great American troubadour. Don Ameche and Andrea Leeds (above), are featured with Al Jolson in the Tec hnicolor film opening Sunday at the Redwood Theater. On a double bill with "Bad Little Angel."

Flowers Blooming At Emerald Lake

Six varieties of wild flowers are now in bloom in the Emerald Lake district and are luring sightseers to the highlands area west of Redwood City.

Secty. Roscoe D. Wyatt of the Redwood City Chamber of Commerce said after an inspection trip Tuesday that flowers were blooming in a number of areas.

"Go out Jefferson to Vista, the first street, and turn to the right, and you can't miss the flowers," Wyatt said.

Three large fields of poppies may be seen by driving to Brewster Ave. and Myrtle St., Redwood City. Poppies are in bloom on a number of vacant lots in the city.

Among the treasures in the Athenaeum, Boston, Mass., is the biography of an English outlaw, bound in his own skin.

Mae West, of "Come up and see me some time" fame, made her first public appearance at the age of five in a church social.

TRASH FIRES PUT OUT

Two runs were made by the fire department Monday, one at 4:26 p. m. to Pine and Stambaugh Sts. to extinguish a fire in trash loaded in a city dump truck driven by Stanley Oakman, and the other at 11:50 p. m. to quench a small trash fire in the rear of the Auto Electric Co., 1023 Jefferson Ave. No damage occurred in either blaze.

Call Strongly Raps Ellis Patterson For Expenditures

Harrison W. Call, Redwood City's Republican representative in the state assembly, is proving as outspoken on the committee on revenue and taxation, now in session in Sacramento, as he is on the committee investigating the dictagraph case, of which he is chairman.

At a session of the committee at which it was agreed new taxes are inescapable and soft drinks and telephones were considered as potential sources of revenue, Call strongly criticized Lieut. Gov. Ellis E. Patterson's expenditures.

After hearing from Fred Links, chief of the bureau of accounts, that Patterson's $6500 budget was supplemented by $5210 from the state emergency fund, Call commented:

"Think of a second-rate assemblyman jumping up to $11,710. It gets beyond the realm of reason. He ought to start running for the border instead of the U. S. Senate."

Links had set Patterson's general expenses for the year at $1670 and traveling expenses at $710.

Joseph South Passes After Short Illness

Following a short illness, Joseph South, resident of First Ave., North Fair Oaks, for the past 12 years, passed away Sunday at a San Mateo hospital, where he had been confined for the past four days.

Mr. South, who would have been 65 on Apr. 3, was a salesman for Rawleigh products. He was the husband of Lucy South, father of Richard and Jean South and step-father of Max and Kenneth Green, all of whom live at the family home. Mr. South's mother, Mrs. Matilda South of Lueder, Tex., also survives. He was a native of Greeley, Kans., and belonged to Chickasha Lodge 94, Free and Accepted Masons.

Cooking School Set Next Week

"A Song in the Kitchen" will be the theme of the cooking school which the Tribune will conduct for the housewives of Redwood City next week.

MISS BAKER

Miss Nancy Baker, the noted home economist who will return to Redwood City to conduct the cooking school, says, "This isn't going to be just 'another cooking school'—no indeed! There will, of course, be many new and unusual ideas for planning menus, entertaining and home management, but primarily we want to find the way to put song and laughter in the kitchen. With the help of the Redwood City housewives, we will hunt out and drive away all the old drudgery and bugaboos that have haunted the kitchen for years.

"What if you **do** have to cook three meals a day—for 365 days a year—and, for oh, innumerable years! Well, what of it! If you have to do it, let's get together and plan ways to make it a gay and happy job.

"And the whole secret is to put a song in the kitchen—let there be laughter there and gaiety. We sing in the bathroom; dance and laugh in the living room; joke and make merry in the dining room; then why not in the kitchen?"

Miss Baker is a great believer in what she calls "kitchen psychology."

"How," she asks, "can you possibly expect light dumplings when you make them with a heart as heavy as lead? Beat a song into your dumplings — they'll probably pop right out of the pan in surprise!

"Laugh when the cake falls and cover it up with a grand caramel sauce and give it a French name.

"When hubby brings his old college pal home on wash day, without a minute's notice, tuck a piece of parsley on the hash, powder your nose and laugh it off!"

Miss Baker is a practical person and will cook dozens of dishes for use in "every day" menus, as well as some interesting ideas for entertaining and "company" meals. She has a lot of helpful short cuts to tell to housewives, to help speed up the time when **your** kitchen will be a place of song and things will move along easily and happily.

Start making your plans now for this big event. The school will be conducted for three days, beginning Wednesday, March 27 from 2 to 4 o'clock each afternoon in the McKinley School Auditorium. Come as the guests of the Redwood City Tribune.

July 4 Committeemen To Meet Next Week

Recreation Fund Committee members who are planning Redwood City's July 4 celebration are asked by Chairman Ole S. Oleson to meet at the Tribune office Thursday, Mar. 28, at 7:30 p. m. Committeemen are urged to have their reports of progress ready at that time.

Only White People Sought

Creation of a "covenant" to bind "present and future owners" of property in Central Park to neither sell, lease nor rent property in the area to other than members of the Caucasian or White race was agreed upon Monday when members of the Central Park Improvement Club decided on the step to prevent encroachment on the area by Filipinos or other "brown skinned" races.

Agreements to effect the restriction in the area will be sought from persons holding at least 90 per cent of the frontage of property in the area.

The move was decided on after a discussion of the problem was given by T. T. Califro, one-time assistant U. S. district attorney in San Francisco.

Co-operation of realty dealers also will be requested, it was decided.

Text of the agreement which property owners are to be asked to sign is as follows:

It is mutually agreed by and between and among the undersigned property owners as follows:

That neither the said lands nor any portion thereof shall be conveyed, let or leased to, or occupied by any person of African, Japanese, Chinese, Hindu, Indian, Korean, Malayan, Mongolian, Arabian, Afganistanian, Beluchistanian, Persian, Tibetan, Turkish, Egyptian, Tunisian, Algerian, Morrocan descent, or to or by descendants of the brown skinned natives of the West Indies, the East Indies, the South Sea Islands and the Malay Archipeligo, or to or by any person or persons not wholly of the Caucasian or White race.

That said conditions and restrictions shall constitute a covenant which shall run with the land and bind present and future owners thereof, and are created for our mutual benefit and in consideration of our mutual agreement hereunto. The same may be enforced at and by the action of any such owner; but in the event of his (or her) failure or neglect to do so, said conditions and restrictions may be enforced by any one or more of the undersigned, their heirs, assigns, grantees or successors in interest. As to any subsequent owner of any of said lands, said conditions and restrictions shall constitute conditions subsequent upon breach of which the title of such owner shall revert to and vest in the respective undersigned owner or owners of such property, their heirs and assigns.

Also, none of the provisions of this agreement and no condition or restriction herein contained, however, shall in any way reduce the security, or affect the validity, of any mortgage or deed of trust covering the real property shown on the maps hereinafter referred to; but if any portion of said property is sold under a foreclosure of any mortgage or under the provisions of any deed of trust, the purchaser or purchasers shall hold any and all such acquired property subject to any upon all of the conditions and restrictions in this agreement contained.

This agreement shall become binding and effective whenever and as soon as the same shall have been duly signed by a sufficient number of real property owners of the above proposed restricted area, and not before. The required number shall be deemed sufficient whenever the aggregate lot frontage of the lands and lots owned by the undersigned shall amount to at least 90 per cent of the total of such frontage in said area.

SEX HOAXER'S DEATH CERTIFICATE FILED WITHOUT REAL NAME KNOWN

The strange case of "Mrs. Adelle Best" has been officially closed by Coroner William F. Crosby's office.

For a time hopeful of learning just what was the real given name of the man who masqueraded as a woman for more than half a century, Coroner Crosby has had to file with the registrar of vital statistics a death certificate bearing only the name: "D. Reynolds, also known as Adelle Best; male; single."

The "single" was placed on the certificate on recommendation of Dist. Atty. Gilbert D. Ferrell's office, which ruled that a man could not legally marry another man. "Mrs. Best," who was discovered on "her" deathbed in Community Hospital Mar. 5 to have been a man, had been "married" at least once, "her" relatives told Coroner Crosby's office. This "marriage" was to an Albert Best, to whom "she" was "married" for about five years, according to relatives.

The other two reported "marriages" were believed not actually to have existed, although relatives said that "Del" had had "affairs" with other men.

Apparently neither of "Mrs. Best's" sister knew of the sex hoax. The one living in San Francisco is reported to have been ill from shock since her "sister's" death. The other, a resident of the Coastside, said that as long as she could remember, "Del" had been considered a girl.

It was believed that when Mrs. Helen Reynolds died, she was the only one who knew that her "daughter" actually was a man. Because even as a child "she" was known as "Del," the relatives assumed that as a baby the youngster might have been christened "Delbert" or some other masculine name with "Del" in it.

"Mrs. Best," six years older than "her" nearest sister, had been considered "different" by relatives, but they had understood that it had been due to an operation.

Besides, it was pointed out, the matter of sex was seldom, if ever, discussed a half century ago.

One relative said that "Mrs. Best" had been a "girl" since "she" was about 16; another, about 20. "She" was 71 when she died.

As evidence that neither friends nor relatives were aware of the deception is the fact that they permitted "her" to be taken to a public hospital, where "her" sex was certain to be determined. Private nurses could have been secured, it was pointed out, and "Mrs. Best" might have died and been buried just as "A. Best," without the publicity that did result, apparently much to the chagrin of the family, which has declined to speak about the case for publication.

Wood Pile Scorched In Morning Blaze

No damage resulted from a fire beneath a pile of lumber in the Gray-Thorning Lumber Co. yard at Five Points at 7:45 a.m. Wednesday, the fire department reported.

A block of wood supporting the pile had burned through when firemen arrived, but the lumber itself was only scorched. The blaze may have been caused by a discarded cigarette butt, said firemen, who scouted the possibility of spontaneous combustion.

Supply Firm Holds Anniversary Sale

H. R. Baker, vice president and general manager of Western Auto Supply Co., whose Twenty-fourth Anniversary Sale is now in progress, said.

"We take considerable pride and great pleasure in this Anniversary Sale as it commemorates 24 years of value-giving to western motorists and homemakers. It also marks a new era to us of Western Auto in that while we are always seeking for better methods of serving our customers, this huge sale event inaugurates a new streamlined method of presenting our merchandise to our customers. They will, for instance, find better and more accessable merchandise arrangement, more separate departments to facilitate quicker and easier choice of items.

"The policy of guaranteeing the quality of every article sold, and selling it at the lowest possible price continues to remain in force with Western Auto."

Grocers made their appearance in Europe during the 14th century—the so-called Dark Ages—but only the rich could afford to patronize them.

"Hudson plans to demonstrate to a million customers during the Spring months," Bourquin said in describing the sales program. "These demonstrations are unusual in that they will enable the prospective buyer to make a direct 30-minute comparison of Hudson with his own car, or any other, over a familiar, daily traveled route.

"We are all set here with this unusual and dramatic demonstration, and it is our intention that Redwood City will provide its quota."

Trails Group To Urge Work on Highways

Supervisor Alvin S. Hatch attended the Mission Trails highway road conference Saturday afternoon. Although prepared to submit four projects in San Mateo County, Hatch said discussion was limited to definition of policies.

Decision was reached on three points: (1) That the coast counties keep within the state budget for the area, (2) that work be done on the most important roads, and (3) that Mission Trails recommendations should take precedence over those of the State Chamber of Commerce. The roads group will meet again Apr. 10 at Santa Maria to discuss particular projects. H. R. Judah, former head of the state highway commission, presided at the conference.

"Freshening up" of the Mission Trails Building at the exposition and a change in type of some exhibitions were approved, and Martin Poss, San Mateo florist and councilman, was named a member of the association's exposition finance committee.

Patent Is Granted Former R. C. Man

Troy Daniels of Burlingame, former Redwood City resident, inventor of nicotinyl sulfanilamide, a product formed by the combination of sulfanilamide and nicotine acid, has been notified by the United States Patent Office in Washington, D. C., that a patent has been issued covering his invention.

Daniels is assistant dean of the University of California College of Pharmacy.

Try This On Your Bass Drum

That the personal convenience of the extra-wide doors of the 1940 Dodge sedans may also be put to businesslike advantage, is proved by these two clever young bandsmen who now transport their ordinarily unwieldy instrument "with the greatest of ease." The rear doors of 1940 Dodge models are straight-sided, without the conventional "dog-leg" cutaway.

'CLIMATE BEST' SIGN'S FUTURE IS THREATENED

What will become of the familiar "Climate Best by Government Test" sign over El Camino Real at Broadway when the highway is widened this Fall was a problem brought before the city council Monday by a letter from the Redwood City Lions Club.

The letter, sent by Secty. W. H. Taylor, suggested that Broadway be extended to Bayshore Hwy. and the sign be moved to that point to grace a southeasterly entrance to the city.

Councilmen Harold F. Anderson and Evans A. Fletcher expressed belief that the sign has become a landmark and should be preserved as a feature of Redwood City if it is at all possible.

"That sign has become a landmark. I use it to direct friends to my home or office in coming to Redwood City, and I believe lots of other people do, too," Anderson said.

Both agreed, however, that the sign should in no way be allowed to stand in the way of the highway widening.

What to do with the huge neon display when the roadway is widened was left for the time being to the consideration of City Manager C. L. Dimmitt, who said the chances of supporting the sign over the new highway, which will be "about twice as wide as the present one," were slim unless the sign is entirely reconstructed.

The question of the extension of Broadway to Bayshore was not discussed, although Fletcher pointed out that there is no important entrance to the city from the southeast, despite the presence of Bayshore Hwy., and he considered the Lions Club suggestion concerning the sign as well-taken.

No work will be done on El Camino Real before Sept. 1, Highway Engineer John Skeggs has reported to Dimmitt, which leaves considerable time for contemplation of the problem.

ST. CYR'S ART TREASURES TO BE SOLD NEXT MONTH

Treasures of "El Cerrito," the former Hillsborough home of Jean de St. Cyr, wealthy socialite, will go under the auctioneer's hammer next month when the wealthy furnishings and trappings of the bon vivant man of mystery will be offered to the public. A four-day inspection period, Mar. 28 to 31, will precede the sale.

Included, according to Auctioneer Fred Butterfield, will be a fortune in tapestries, Chinese miniatures, silverware, rugs, Chinaware, furniture, and works of art. Two hundred "lots" valued at $250,000 will be sold, Butterfield said. The sale is expected to be the largest of its kind ever held.

Rare paintings by Fragonard and Sir Peter Lely, Ventian glassware, embroidered church draperies, and several hundred pieces of Georgian silverware and almost a thousand pieces of china will be sold.

The estate was founded by Eugene de Sablas, San Francisco financier, many years ago and acquired by de St. Cyr in 1915. He sold it to Mrs. Helen Strong Carter, who divorced him recently. Mrs. Carter in turn sold the property to David D. Bohannon, Redwood City real estate operator.

Waitress Kills Self; Broker Fails in Try

One suicide and one attempted suicide were recorded by Peninsula police over the weekend.

At San Mateo, Miss Sarah Ellen (Nellie) Welch, 47, of 147 North Ellsworth Ave., a waitress at the Benjamin Franklin Hotel for six years, took her own life, police officers said, by drinking a poisonous disinfectant.

Miss Welch was found in a coma, sitting in a living room chair, by her sister, Miss Aimee Welch, about 3:30 p.m. Taken to Mills Memorial Hospital, she died a short time later.

To the sister, who said the waitress had recently suffered a nervous breakdown, Miss Welch left a note which read: "Goodbye Aimee. There's something wrong with my head. I leave everything I have to you. Forgive me."

At Burlingame, Paul E. Ehrenphort, 62, 224 Dwight Rd., a San Francisco insurance broker, took poison in tablet form, apparently with suicidal intent, according to police, but he recovered after an overnight stay in Mills Memorial Hospital and was released Sunday. He would ascribe no reason for his act, and his wife, who found him ill upon her return home at 7:15 p.m. Saturday, could give police no motive for the asserted attempt.

Charities 'Clearing House' Is Proposed

L. E. Wolbert has been appointed chairman of a Redwood City Community Chest committee which will investigate the possibility of setting up a clearing house for charities throughout the year, particularly those at Thanksgiving and Christmas, in order to prevent duplication of donations to needy families. Case records might be kept to aid in the check, it was suggested.

Other members of the committee, appointed by Cuthbert B. Currie, 1940-41 director of the Community Chest, are Mrs. J. R. Moore and Sam H. Winklebleck.

Home, Tree Blazes Call Out Firemen

Residence of August Gamba at Pine and Main Sts. was threatened by fire shortly before 5:30 p.m. Saturday, when fire broke out in the rear of the house, but the fire department, responding to a telephone alarm sent in by a passerby, extinguished the flames in time to limit the damage to $10. An overheated chimney caused the fire.

Fire in a cypress tree in Union Cemetery, virtually an annual occurrence, caused someone to turn in an alarm from a box at 1:15 a.m. Sunday but the tree was only slightly burned. Firemen believed the fire was incendiary.

Raid Is Staged In North End

For the third successive weekend, San Mateo County patrolmen, co-operating with a police department, staged a traffic barricade Sunday.

This time it was in Daly City, and, between 12 midnight and 4 a. m. Sunday, 800 automobiles were stopped. Results: Two drunken drivers were arrested; 1 autoist was held for reckless driving; one for "speeding without due caution"; three were cited for having overcrowded front seats; 28 for having miscellaneous mechanical defects, and 33 for having faulty lights.

Accidents were infrequent on Peninsula highways, despite heavy traffic lured by a sunny, Spring day, and no serious injuries were recorded. Several motorists were held on drunken driving charges, however.

New Yeast Provides Better Bread Flavor

From Maca Yeast, a new, fast, granular yeast which enables the baker to produce a shapely, delicately-browned, light and tender loaf in a few hours, bread-making can be traced back through the centuries to the primitive ages when the earliest bread was formed of meal and water baked on hot stones.

Tradition says that in Egypt a quantity of meal and water, intended for baking, was overlooked by a servant. When this was baked next day, the bread was found to be lighter, more spongy, and better in flavor than usual. From that time on, for centuries, it was customary to save a portion of dough from each baking to serve as leaven for the next.

From the old-time liquid yeast, usually home-made, to commercial yeast, whether compressed and fast-acting, or dry and slow acting, was a big step in better bread making. Now, for the first time, a new yeast combines the best qualities of the two former types of commercial yeasts: it has the fast action of moist, or compressed yeast: it has the extra resistance to spoilage found only in the scientifically dried yeast, and may be kept on the pantry shelf between bakings.

New Coupe Offered In De Soto Line

New to the De Soto line this year is a convertible coupe in the custom series with a top which folds up or down by power supplied from the engine, reports Oleson & Son, Redwood City De Soto-Plymouth dealer.

"The 1940 De Soto coupes are built on the standard 122½-inch wheelbase chassis with 100 horsepower engines, have all other improvements of the current models and are available in either the business or auxiliary seat types," Ole Oleson stated.

"Both types have undivided front seat cushions, 51 inches wide, but the seat backs are divided so that they can be tilted forward to give easy access to the compartment in back of the seat.

"This compartment, in the case of the business coupe, is large enough to accommodate two steamer trunks and many smaller items. In the luggage locker under the rear deck is a space nearly six and one-half feet long and more than four feet wide. In this latter space it is possible to stow two average size wardrobe trunks."

MENLO PARK NEWS NOTES

MENLO PARK, Mar. 21—The city election on Apr. 9 is warming up and much campaigning is going on. There are six candidates for two places on the city council. There are three aspirants for city clerk. The incumbent has held the position since the incorporation of the city and during that lengthy period Mrs. Fannie I. Kurtz has proven her efficiency and should be re-elected. The new salary schedule goes into effect in May which provides a good salary for clerk, hence the struggle for the place, filled by Mrs. Kurtz when the compensation was only negligible. Mrs. Catherine Maloney, incumbent treasurer for the post four years, has one opponent. She, too, is competent and might be retained in the city government.

Now that Lent is over, two marriages of local importance are to be solemnized.

The owners of the Maloney block on El Camino Real have leased an adjoining lot for five years from the Doyle heirs for a parking space for the accommodation of the public parking at the stores.

The Native Daughters of the Golden West will sponsor a card party at the Menlo Park Grammer School auditorium on Friday evening, Mar. 29. A large number of valuable prizes have been secured to be awarded the lucky winners of the games.

The block on the corner of El Camino Real and Oak Grove Ave. has been purchased by an oil company for $15,000 and a rear strip of land owned by Thomas Maloney, former police officer of San Francisco now retired, was also included in the purchase. A super service station will be established at once.

Three principal corners on the East side of the highway will now be occupied by service stations. Menlo Park was once known as the village of beautiful oaks. It can claim that distinction no longer; rather it will be known as the town of gas stations. But this is a modern age that has little regard for sentiment or beauty.

Earl Hook, who has been the assistant manager of the American Trust Co. at Redwood City, was this week appointed to a similar position with the company's bank at Broadway, Burlingame. Mr. Hook will continue his residence here. He owns a beautiful home on Laurel Ave.

Mrs. James E. Cooper, the talented and very beautiful wife of Mayor Cooper, spent the weekend with her sister, a socialite of Soquel, Santa Cruz Co.

Isabelle Weeden Lindquist, hospital chairman, 26th District, American Legion, presented the following program at the U. S. Veteran's Facility Mar. 15:

The Dancing Puppet,—a novelty marionette designed and operated by Bill Jory, assisted by Mrs. Catherine Jory at the piano.

Harp recital, Miss Patricia Tobin of San Mateo: Papillon. Torgerson; The Nymphs, Shildkret; Marionetta, Hasselmans; Serenade, Schubert.

Clog Dance, Jill Lawrence.

Highland Fling and Sword dance, Janet Smith with Frank Small playing the bag pipes.

Fado Blaquinta, Phyliss Blacker.

Mexican Hat Dance, Maria Rael.

Clown Dance, Shirley Stewart.

Chiapanecas, Phyliss Blacker and Maria Rael.

Phil Baker, commander of the 26th District, second vice Comm., Phil Blanchard, past Comm., Lee Williams and Adj. C. A. Perry of the 26th District were present and spoke to the veterans.

Easter will be observed in all local churches by special services. At the Church of the Nativity masses will be celebrated at 7, 8:30, and 11 o'clock. A sermon will be preached and an augmented choir will render a program of hymns as the last service.
